

# PHD COURSE IN MUSIC THERAPY RESEARCH

Denmark, Aalborg University

April 26<sup>th</sup> to May 2<sup>nd</sup> 2026

Welcome to join us for a one-week training  
in doctoral research

Our upcoming PhD course in April is scheduled with a rich mixture of guest lectures, presentations of PhD research in progress, workshops, round table discussions, supervision, and social learning spaces.

The aim of the course is to train doctoral researchers with advanced theoretical, technical, and applied clinical research knowledge in fields related to music therapy, arts, health, creativity, psychology, and communication.

The course includes a rich mixture of course work and covers topics related to methodology, epistemology, and theory of science. It is held in English with selected lectures open to MA students and other interested, whereas the presentations of research in progress are only for the course participants, the supervisor team and guest researchers.

The course work is equivalent with five points in the European Credit Transfer System (ECTS).

**MORE INFORMATION at**  
[www.mt-phd.aau.dk](http://www.mt-phd.aau.dk)

The course is coordinated by  
Professor, PhD, Hanne Mette  
Ridder together with the music  
therapy research team at  
Aalborg University

## Participation fee

The fee for participation is 4,000 DKK for external participants and covers participation, course material, lunch, tea/coffee, and social/cultural events. Accommodation is not included and is arranged by participants themselves.

## Venue

Musikkens Hus, Musikkens Plads 1, 9000 Aalborg, Denmark

## Registration

Registration at <https://phd.moodle.aau.dk/login/index.php> before January 27, 2026. If you log in for the first time, you must create an AAU-PhD-Moodle account (for free). The number of participants is limited. At PhD Moodle, you will in due time before the course get access to the programme and course materials. If you have problems accessing the course or registering, please contact Hanne P. Clausen ([hannepc@ikp.aau.dk](mailto:hannepc@ikp.aau.dk)) for assistance.
